RE: PBCHA DYSON VIDEO SURVEILLANCE PROJECT #KD-19710.VS
Priority: High

SUBJECT: Addendum No. 3 to the Construction Documents and Specifications for the
PBCHA DYSON VIDEO SURVEILLANCE PROJECT #KD-19710.VS

RFI# 1: In section 00200-4, the breakout cost of the camera sections, equipment position# 12 was left entirely off the line items. Was it left off purposely? Or are we to also provide a cost for it. If we are, will it be a stand alone cost or bundled with another equipment position?

RFI# 2: In section 00200-4, equipment position# 3 is shown in both line item 8 and 10. Please confirm if this is correct and if we are to provide a cost shown in this way.

1. The responses to the above RFI's are as follows:

Please see attached "REVISED" section 00200 which has corrected the missed and duplicated equipment locations. Line item 10 was changed from camera position #3, to cameral position #12. Please use this corrected sheet when submitting your bids.

Please attach this Addendum #3 cover sheet to your bid proposal package and also identify this Addendum #3 on sheet 00200-2 of your bid proposal.

THANK YOU, KIMBERLY DELLASTATIOUS
