QUESTIONS AND ANSWERS

Q1. Could you please provide additional details regarding the specific work included under Scope 6? The current description is somewhat unclear, and we want to ensure our proposal aligns fully with your expectations.

Demolition Scope / Site Conditions:

At the time of mobilization, will the bathrooms be:

- Fully demolished and ready for build-back, or
- Existing and intact, requiring full demolition by our team?

A1. At time of mobilization, the bathrooms will be functional and will require demolition. Please note that there may possibly be instances where demolition has already occurred by a different vendor (i.e., mold mediation.) Unit conditions will all be presented to participants when called upon for services. As a remainder pricing is requested when a task order is issued with SOW, after approval/award to be added to the contractor pool.
