IV. SCOPE OF WORK/TECHNICAL SPECIFICATIONS: The PBCHA is seeking sealed proposals from qualified and licensed contractors to provide kitchen cabinets and countertop replacement.

4.1 TECHNICAL SPECIFICATIONS

4.1.1 Forming a Pool of Contractors

The PBCHA is first conducting this RFQ process to receive technical proposals from contractors to qualify those firms to be placed in a Pool of Contractors eligible to provide construction and maintenance services (via additional quotes/task order) to the PBCHA.

4.1.1.1 Potential Re-opening the RFQ. In the interest in maintaining a “healthy pool of available contractors,” the PBCHA reserves the right to re-open the RFQ at any time during the ensuing period of time after the RFQ deadline and after the “Pool” has been formed.

4.1.1.1.1 This re-opening may especially occur if, for example, additional contractors contact the PBCHA to inform the PBCHA of their desire to compete to be placed in the Pool; or may occur if the contractors already in the Pool are not as competitive (both in participation and/or quoted costs) as the PBCHA desires. In any case, the PBCHA will consider re-opening the Pool typically once every 6 or 12 months.

4.1.1.1.2 If the PBCHA does re-open the Pool, the contractors who have already been placed in the Pool are not required to again compete—such firms will just stay in the Pool.

4.1.1.1.3 The PBCHA reserves the right to terminate any firm from the Pool for any reason that would, in the PBCHA's opinion, result in contract termination in any other condition.

4.2 Potential of Receiving additional proposals. At the PBCHA discretion, the PBCHA may consider the Submittal Deadline listed within this solicitation herein to be an "initial" Deadline only. The PBCHA may receive quotes from firms not yet qualified to be in the Pool to respond to the RFQ. In such case the PBCHA shall invoke the following procedures to address this issue (NOTE: This procedure is an option for the PBCHA, not a strict requirement; but in any case, the PBCHA may not complete an award to the ineligible contractor):

4.2.1 The PBCHA will timely reject the quote as non-responsive, as the quoter is not a firm that has been approved to be in the Pool and thereby eligible to submit a quote.

4.2.2 The PBCHA will then offer that ineligible firm to respond with a proposal to be placed in the Pool (the proposal shall be as detailed within the following Section 7.0 herein, and most specifically within Evaluation Criteria Table therein. The firm must submit this proposal within 2 weeks of being notified of such. The option of receiving this proposal submittal shall expire at the set 2-week deadline.

4.3 Additional Description of Work other than related to the Work identified within the immediate preceding herein. **The PBCHA may choose to utilize the "Pool" to also complete needed small construction or maintenance work pertaining to the PBCHA's Capital Fund Program (CFP), Unit Turn-around Work, and any other such small construction work the PBCHA needs to complete for any PBCHA program. The PBCHA anticipates that this "small construction work" will typically be for task order awards less than \$50,000 each (typically much less, but may be more, at the PBCHA Contracting Officers discretion).**

4.4 Maintenance and Construction. **As some of the work ensuing from an award of this RFQ may be maintenance-related and some of the work may be construction-related, the PBCHA will make this determination when a task order is awarded. All offerors must remember that the labor rates detailed within Attachment P, attached hereto, pertain to maintenance-related work; and the current Davis-Bacon wage rates ("current" meaning at the time of assignment of a construction-related task order) will pertain to all construction-related work assigned (and the then-current Davis-Bacon Wage Rates will be issued for each applicable construction-related quote issued).**

The PBCHA is first conducting this RFQ process to receive technical proposals from contractors to qualify those firms to be placed in a Pool of Contractors eligible to provide construction and maintenance services (via additional quotes/task order) to the PBCHA.

Davis-Bacon Federal Wage Rates. As detailed within pertinent Federal Regulation, the Contractor is required to pay Davis-bacon wage rates (for all “construction contracts in excess of \$2,000”). The applicable Wage Rates pertaining to the work will be included with each construction-related quote that the PBCHA may issue. This work will be subject to all of the requirements pertaining to Davis-Bacon work, including the applicable Federal forms and procedures (i.e., on-site interview; certified payrolls; etc.). A Davis-Bacon Wage Decision (DBWD) will be issued for any quote that such rates may pertain thereto. The offerors are advised that Davis-Bacon labor standards will apply to this work. These labor standards require that workers receive no less than the prevailing wages.

 4. Contractor shall provide copies of contractor's license, DBE certificate, MVB certification, SBA certificate, and a copy of PBC business tax receipt.
 5. PBCHA has an agency goal to take all necessary steps to assure that qualified small, women-owned and minority business enterprises (MBEs) public housing resident-owned and Section 3 vendors are used when possible. It is the policy of PBCHA to encourage and promote economic opportunity by encouraging participation by MBEs and Section 3 vendors in PBCHA contracts through subcontracting, joint ventures, or other contracting methods. support PBCHA in achieving the economic opportunity goals as described.

7. Confidential Material. Any materials submitted by Offerors that are to be considered as confidential must be clearly marked as such, provided, however, that the Offerors acknowledges that Florida's Sunshine Act requirements apply to the Authority and, as such, may apply to the submitted Proposal.
8. Proposals should be organized in the order in which the requirements are presented in the RFQ. All pages of the proposal should be numbered. Each paragraph in the proposal should reference the paragraph number of the corresponding section of the RFQ. It is also helpful to cite the paragraph number, sub letter, and repeat the text of the requirement as it appears in the RFQ. If a response covers more than one page, the paragraph number and sub letter should be repeated at the top of the next page. The proposal should contain a table of contents which cross references the RFQ requirements. Information which the offeror desires to present that does not fall within any of the requirements of the RFQ should be inserted at an appropriate place or be attached at the end of the proposal and designated as additional material. Proposals that are not organized in this manner risk elimination from consideration if the evaluators are unable to find where the RFQ requirements are specifically addressed.
9. Each copy of the proposal should be bound or contained within a single volume where practical. All documentation submitted with the proposal should be contained in that single volume.

Ownership of all data, materials, and documentation originated and prepared for the PBCHA pursuant to the RFQ shall belong exclusively to PBCHA and be subject to public inspection in accordance with the *Florida Freedom of Information Act*. Trade secrets or proprietary information submitted by an offeror shall not be subject to public disclosure under the *Florida Freedom of Information Act*; however, the offeror must invoke the protections of 119.07 Florida Statutes, in writing, either before or at the time the data or other material is submitted. The written notice must specifically identify the data or materials to be protected and state the reasons why protection is necessary. The proprietary or trade secret material submitted must be identified by some distinct method such as highlighting or underlining and must indicate only the specific words, figures, or paragraphs that constitute trade secret or proprietary information. The classification of an entire proposal document, line-item prices, and/or total proposal

prices as proprietary or trade secrets is not acceptable and will result in rejection of the proposal.

D. Oral Presentation:

Offerors who submit a proposal in response to this RFQ may be required to give an oral presentation of their proposal to PBCHA. This provides an opportunity for the offeror to clarify or elaborate on the proposal. This is a fact finding and explanation session only and does not include negotiation.
